

How to log into WeBWork

1. You can access WeBWork using the URL sent to you via e-mail or through the link posted in your course's Moodle metasite. If asked click on "*Continue to this website...*", "*Proceed anyway*" or "*Add exception*" depending on which browser you are using.

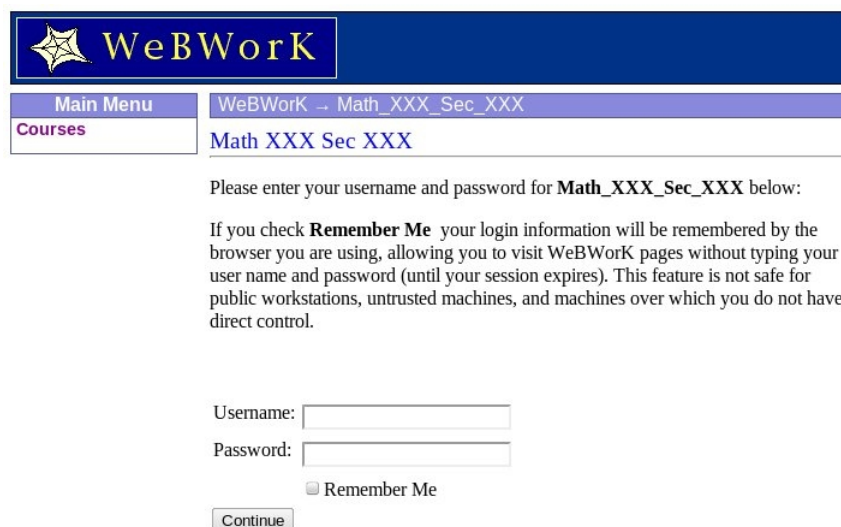

This security exception appears in Microsoft IE, you can also use other browsers such as Google Chrome or Mozilla Firefox to access WeBWork.

2. When you are prompted with the login page, enter your **username** and **password**. Your default **username** is your Concordia **NETNAME**, and your default **password** is your *Student ID* number. **NOTE: The NETNAME must be entered in UPPER-CASE LETTERS, this system is case-sensitive.** For example, if a student has Concordia netname **p_rodr**, and Student ID number **9999999**, then their login information is:

username: P_RODR

password: 9999999

If you cannot access WebWork, this means you have registered late. In this case wait for the periodical updates. If after the last update you still do not have access please e-mail the WebWork TA at webwork.mathstat@concordia.ca giving your **full name, netname, student ID, math course and section**, if any of this information is missing you will not be able to log in.

The image shows the WeBWorK login interface. At the top is a blue header with the WeBWorK logo and name. Below this is a navigation bar with a 'Main Menu' button and a 'Courses' link. The main content area displays the course identifier 'Math XXX Sec XXX' and prompts the user to enter their username and password. A 'Remember Me' checkbox is present, and a 'Continue' button is at the bottom.

WeBWorK → Math_XXX_Sec_XXX
Math XXX Sec XXX

Please enter your username and password for **Math_XXX_Sec_XXX** below:

If you check **Remember Me** your login information will be remembered by the browser you are using, allowing you to visit WeBWorK pages without typing your user name and password (until your session expires). This feature is not safe for public workstations, untrusted machines, and machines over which you do not have direct control.

- Once you have logged in, you will be able to access your assignments, practice problem sets and your grades. The main menu in the top-left side

The image shows the WeBWorK main menu after login. The header and navigation bar are the same. The 'Main Menu' button is now active, and the 'Courses' link is highlighted. The main content area displays the course identifier 'Math XXX Sec XXX' and a table of assignments. The table has columns for 'Sel.', 'Name', and 'Status'. The first row shows 'Assignment 1' as 'now open, due 09/02/2011 at 12:26pm EDT'. The second row shows 'Assignment 2' as 'will open on 08/26/2011 at 12:26pm EDT'. A 'Download Hardcopy for Selected Set' button is at the bottom.

Main Menu Courses Homework Sets Grades

WeBWorK → Math_XXX_Sec_XXX
Math XXX Sec XXX

Sel.	Name	Status
<input type="radio"/>	Assignment 1	now open, due 09/02/2011 at 12:26pm EDT
	Assignment 2	will open on 08/26/2011 at 12:26pm EDT

Download Hardcopy for Selected Set

of the page has the following options:

- Courses** - takes you back to the courses initial page.
- Homework Sets** - shows you the list of exercises/assignments and their status (open and close date).
- Grades** - lists your grades for each set of exercises and assignments.

You may now start practicing and doing your homework. For more information about WeBWorK visit <http://webwork.maa.org/wiki/>

Have a good semester!
